

SMD FLOOD LIGHT 100W SHOA SERIES OMILEX

OVERVIEW

The SHOA Series SMD Flood Light is a robust outdoor luminaire designed to provide broad and effective illumination across exterior environments of varying scale. Its wide light distribution supports consistent area coverage, while the IP66-rated aluminium housing provides protection against dust and water ingress for reliable outdoor operation. Available in multiple power options, the series is well suited to commercial, industrial, residential and architectural exterior applications where dependable wide-area lighting is required.
