

BATH MIXER SET LUMINATION

OVERVIEW

TECHNICAL INFORMATION

Body Material	Alloy body, one-piece high-pressure casting, corrosion-resistant and high-pressure resistant
Working Pressure(MPa)	0.1MPa - 0.6MPa
Temperature Rating	4℃ - 90℃
Flow Rate (L/min)	
Thread Standard	
Water Efficiency Label (WEL)	
Cartridge Type	High-standard ceramic cartridge, smooth switching, wear-resistant, drip-proof, long service life
Plating Thickness	
Salt Spray Test Report(h)	
Weight(gr)	866
