

TREE SPIKE LIGHT 10W LOOX

OVERVIEW

This adjustable LED spotlight is designed to provide focused and stylish lighting for modern interiors. The rotatable lamp head allows precise direction of light, making it ideal for highlighting artwork, décor items, plants, and display areas. Its compact and elegant design blends seamlessly with residential and commercial spaces such as living rooms, galleries, showrooms, and hotels. Made with durable materials and energy-efficient LED technology, it ensures long-lasting performance with low power consumption.
