

HANGING LINEAR LIGHT INDUSTRIAL SERIES 50W LOOX

OVERVIEW

Industrial hanging linear lights are long LED light fixtures that hang from the ceiling and provide uniform, bright illumination over wide areas. They are commonly used in large spaces like factories, warehouses, workshops, and commercial buildings where strong, even lighting is needed for work and safety.

Places we use the Items

- General office lighting
- Workstations and desk areas
- Open-plan offices
- Conference and meeting rooms

- Co-working spaces
- Reception and lobby areas
- Above long tables or bench desks
- Creative studios and design offices
- Task lighting with uniform illumination
- Modern and industrial-style office interiors

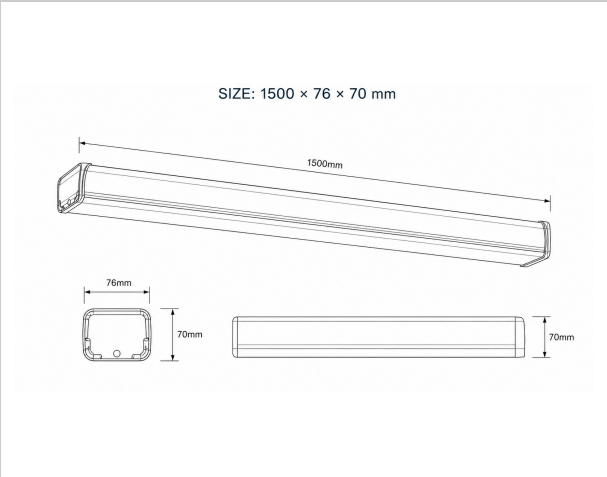

TECHNICAL INFORMATION

Frequency(Hz)	50
Input Voltage(V)	180-265
Life Span(Hrs)	70000
IK	
Surge Protection(KV)	3
Protection Class	
SDCM	3>
Sensor	Optional
Ambient Temperature(Ta)	-20° , +50°
Operating Temperature	-20° , +50°
UGR	
Product Face Size (mm)	1500*76*70
Product Weight (gr)	
Energy Usage	
Lumen Maintenance(lm)	9750

INSTRUCTION
