

STRIP LIGHT 2835 120 12MM LUMINATION

OVERVIEW

This 220V double-line LED strip light offers low power consumption (8W/m) and delivers high brightness of up to 800 lumens/m. It features even light distribution thanks to 120 LEDs per meter, with a double-line design for stronger illumination and more stable performance. Ideal for homes, shops, and hotels, it comes with a two-year warranty to guarantee quality and reliability.
