

Magnetic Track Light 20W 48V Loox

Magnetic lights are a modern lighting system that uses a magnetic track to hold and power different light fixtures. You can easily attach, move, or replace lights on the track without tools, making them very flexible for interior design.

Key Features

- Modular design – mix and match spotlights, linear lights, pendants, etc.
- Easy installation & adjustment – lights can be moved or changed anytime
- Clean, minimalist look – sleek and modern appearance
- Flexible lighting layout – adjust lighting based on your needs
- Low voltage safety – usually operates on safe low-voltage systems
- Energy efficient – typically uses LED technology
- Wide applications – suitable for homes, offices, shops, and showrooms

Technical Specifications

Specification	Value	Specification	Value
Power	20 W	Working Temp	-20°C+45°C
Total Luminous Flux	1400LM	IP	20
Luminous Efficacy	70LM/W	Flicker free	Yes
Color Temperature	2700K/3000K/4000K	Guarantee	5 Years
Beam Angle	24deg	Diameter	65*L135mm
SDCM	<5		
Input Voltage	48V		
Power Factor	0.5		
Material	Aluminum		
CRI	90		
Frequency	60		
Chip	Bridgelux		

Features:

- Modules can be adjusted individually and as a whole to suit different needs on the angle.
- Customers can purchase module components and assemble them by themselves, which can reduce shipping costs.
- High-quality optical material and various light distribution angles deliver ideal illumination and visual comfort.

About US

Crystal Flash Co. LLC is a manufacturer, developer, and distributor of goods within the lighting industry. The company is known for providing a top-quality level product with high and strict QC checks and standard requirements which have proven to be exemplary regarding the quality of their production firms. Crystal Flash Co. maintains an emphasis on growth, development, and advancement of themselves as a company, and in the industry in which they

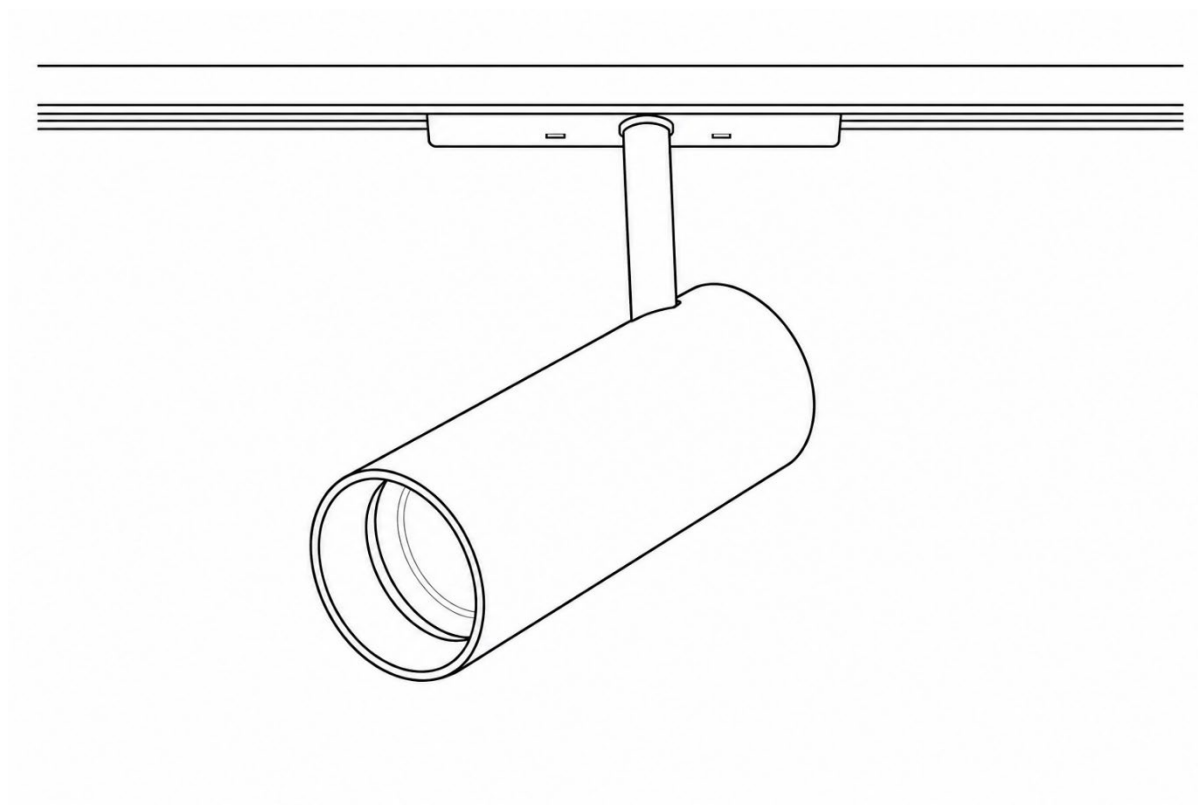

operate. Crystal Flash Co. is proud of the fact that it has access to an advanced laboratory and a well-equipped and proficient R&D team, which allows them to produce products under IEC 662776, IEC 62031, IEC 61347 , and IEC 60598 standards, as well as products that are fit to be exported to Europe, being approved by CE quality standards
